ROME .- ARCH BISHOP BEDING AND AMERI-

'A few days since was given a grand enterrainment, when about furry guests sat down to dinner by Monsignore Bedini, who had intended this hospitality expressly in honor of Mr. Van Buren, ex-President of the United Sintes, but, by a combination of cross ing almost exclusively American, though also were present the Ministers of Sardina and Tuscany, and Cardinal Altieri. Dr. Ives and his relauve (also a convert,) Mr. Berrien, were among those from the United States, and one of the prelates at table was the bishop of Boston, Dr. Fitzpatrick, a man of superior abilities and amiable manners. By an understanding that evinced ted States in 1850 was 3.198,324. The true delicacy of attention to his guests. it number of negroes in the free States is pur was arranged that the conversation at Monsignore Budini's table be almost exclusively English, and as to the style of the entertainment it was worthy of a royal palace.

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more griping pain and revulsion in the system as to more than counterbalance the good to be derived from griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Billious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with screness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach and bowels into healthy action, and restores the appears the stomach an

An occasional dose stimulates the stomach and bowels into healthy action, and restores the appe-tite and vigor. They purify the blood, and, by their tite and vigor. They, purify the blood, and, by their stimulant action on the circulatory system, reno-vate the strength of the body, and restore the wasted or discussed energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

PREPARED BY JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Bexes for \$1.

de with the state of AYER'S CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH. CROUP, ASTHMA, AND CONSUMPTION.

CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country shounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarsanges, &c.; and for Children it is the pleasantest and affect medicine that can be obtained.

As it has long been in constant use throughout this section, &c. need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—D. Reed & Bro. wholerale and relait, Pomeroy,

For the instant chef and rapid oute of Asthma; is the remedy that gives immediate relief and per-forms rapid cures of Goughs, Golds, Pains and Spreness in in the Breast.

INFLUENZA AND CONSUMPTIONS It is indeed a melancholy truth, that thousands fall victims to consumption every year from no other cause than neglected colds; yet we find hundreds, and thousands, who tent such com-plain's with the greatest indifference, and let them run on for weeks and even months without thinking of the danger. At first you have what you consider a slight cough or cold; you allow business, pleasure or carelessees to prevent you from giving it any attention; it then settles upon your breast, you become boarse, have pains in the side or chest, expectorate large quantities of mat er, perhops mixed with blood; a difficulty of breathing ensues, and then you find your own colish negle t has brought our this complaint .-If, then, you value your life or health, be warnd in time, and don't triffe with your cold; but immediately procure a bottle of two of that fa-mous remedy, DR. WISTAR'S RALSAM OF WILD CHERRY, which is well known to be the most speeds cure ever known, as thousands will testify, whose lives have been saved by it. For Influenza it is the very best medicine in

A Slight Cold the mother of Cou-Let not those complain of long bitten by a mptile, they have cherished to maturity in their

very bosoms when they might frive crushed it in the egg. Now, if we call a slight cold the egg, and Pleurisy, Inflanation of the Lungs, Asthma, and Consumption the venomous reptile, the matter will be no more than correctly figured. Auend to this in season: even a slight cold is no small matter. At the first attack, use-Wister's BALSAM OF WILD CHERRY.

It is sure to-cure, and it is the only remedy you." can place perfect confidence in. It commences lurk in almost every community. It is well to be at the root of the disease and thoroughly eradi-prepared to defend yourself against their attacks. ca'es it. In Consumptive systems, "procrastination is the thief of time." in an awful sense. asit shortens existence and hurries the patient form time to eternity. Thousands are dying who might haue been saved by the timely use of Wistar's Balsam of Wild Cherry. A few weeks, a few days, may make a fatal difference in the progress' of consumptive symptoms. WHITLEY COURT HOUSE, Kentucky, September

29th, 1853. J. D. park-Dear Sir: Some two or three years ago I was taken with a very bad cold was: very hearse and coughed a gest deal, and so continued to do, for two or three months, though I paid no attention to my congis, thruking it would cease after a while, as is usual with a cold, though ultimately I commenced coughing up blood very freely, and had a continued auxety to cough. Is then got a bottle of Dr. Jayne's Expectorant, and it done me no good, as I could discover. I was advised by my physician to try
"Dr. Wistar's Balsam of With Cleary." I got a
bottle and strange to tell, but true, before I had
used the first bottle full my cough was entirely relieved, and has not since returned, although F have since had violent colds. I believe that invalids will receive much greater benefits from it

than from other remedies.

I remain your friend, J. C. WILLIAMS,
CROWS Parsy, Lake county, Indiana, June GROCERIES AND PROVISONS 15th, 1849. . J. D. Park-Dear Sir: As I have a deep commiseration for the afflicted, permit me to give you a brief history of my afflictions and the benefits derived from the use of Dr. Wistar's Balsam of Wild Cherry." In July, 1841, I was attacked EAD AND REFLECT.—The undersigned with a fever of a typhoid character, which left having a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries, etc., to me in a very debilitated state—when in the following a large stock of Greceries are the control of the following a large stock of Greceries and the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries and the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large stock of Greceries are the following a large stock of Greceries and the following a large dispose of, takes this method of calling attention lowing winter, I was taken with a severe cold, to the same. Dr. Guysott's Improved Extract of YELLOW DOCK & SARSAPARILLA. s now put up in the largest sized bottles, and is acknowledged to be the best Sarsaparities nade, as is certified by the wonderful cures it has performed, the original copies of which are in the essession of the proprietor. Remember this is the only true and original articly.
THE COMPOUND FLUID EXTRACTOF YEL-LOW DOCK AND SARSAPARILLA,

Has been prepared with particular reference to Female Complaints, Incipient Consumption, Bar-renness, Luchorrhea, Irregular Menstruation, Incontinuous of Urine, and general gloomy state of mind, are cured by Dr. Garacter's Extract of Vellow Dock and Sarsaparilla, which gives im-Citron, Limes, Quinces, Peaches, Damsons, mediate relief by renewing the foundation of health and strengh—the black. It neutralizes bad humors, stops unnatural secretions, and gives teatthy action to all the vital powers.

The Yellow Dock and Sarsaparilla is peculiary adapted to females of delicate health, resulting from irregularity of menstrual discharges, and other diseases peculiar to their sex. The proprictor has in his possession a great number of certificates of cures performed of the above de-scription. We assure the afflicted, that a bottle or two of Dr. Guysott's Extract of Yellow Dock and Sarsaparilla will at once aegulate those diffi-

Culties, and renew it e natural energies.

A Cune or Issued larry in the Pestons or MENEURUATION OF Please read Dr Warder's statement of. the above case of Mary Moore; BRANDONVILLE, Va., Aug 23, 1853.

This is to certify that I was called in to see the above named Mary Moore, during the abreace of her regular attending physician, found her in a critical and dangerous condition, and, as tthought, beyond all hope of recovery. After this I was called in consultation with her regular attending physicien. Our opinions were, that her recovery was impossible. I leatned that her disease was caused more than two years ago, from Plums, hermetically sealed, and warranted rregularity in her periods of menstruction, causby taking a severe cold. I did not see her sgain, but soon after learned that she was get-ting well. I was much surprised at this, and, or inquiring what could have caused this sudde change, was informed (by Wm. M. Rittenour that she had been taking Dr. Guysett's Extrac of Yellow Dock and Sarsaparilla. I have sine heard of its great effects in other cases in this vi cluity. I have no inducement to make this datement, other than it may induce others afflic ted at was the subject of this statement to tr the Vellow Dock and Sarsaparills, believing as do, that it is possessed of many excellent qualities, and adapted to many diseases incident to the A. S. WARDER, M. D.
